

Energy Performance Certificate

55, Albert Drive Deganwy CONWY LL31 9RL

Dwelling type:	Detached house	Reference number:	8112-7921-0330-1186-8922
Date of assessment:	26 September 2012	Type of assessment:	RdSAP, existing dwelling
Date of certificate:	28 September 2012	Total floor area:	343 m ²

Use this document to:

- Compare current ratings of properties to see which properties are more energy efficient
- Find out how you can save energy and money by installing improvement measures

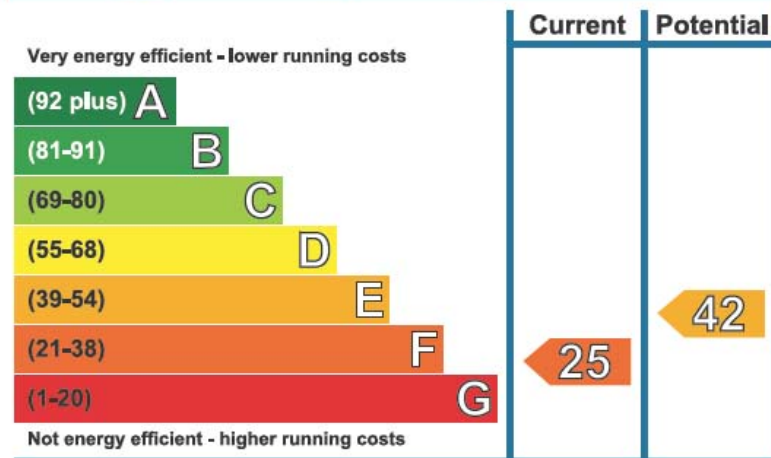

Estimated energy costs of dwelling for 3 years:	£15,387
Over 3 years you could save	£3,690

Estimated energy costs of this home

	Current costs	Potential costs	Potential future savings
Lighting	£483 over 3 years	£309 over 3 years	
Heating	£14,364 over 3 years	£10,845 over 3 years	
Hot Water	£540 over 3 years	£543 over 3 years	
Totals	£15,387	£11,697	

These figures show how much the average household would spend in this property for heating, lighting and hot water. This excludes energy use for running appliances like TVs, computers and cookers, and any electricity generated by microgeneration.

Energy Efficiency Rating

The graph shows the current energy efficiency of your home.

The higher the rating the lower your fuel bills are likely to be.

The potential rating shows the effect of undertaking the recommendations on page 4.

The average energy efficiency rating for a dwelling in England and Wales is band D (rating 60).

Top actions you can take to save money and make your home more efficient

Recommended measures	Indicative cost	Typical savings over 3 years	Available with Green Deal
