Energy performance certificate (EPC) Sportsmans Hall Earlswood CHEPSTOW NP16 6AR Energy rating Valid until: 5 March 2035 Certificate number: 0074-0203-5705-5637-3910 Property type Detached house 87 square metres

Rules on letting this property

You may not be able to let this property

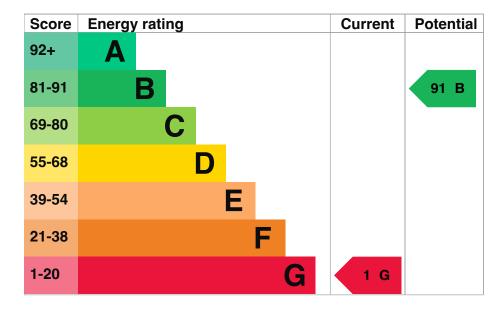

This property has an energy rating of G. It cannot be let, unless an exemption has been registered. You can read guidance for landlords on the regulations and exemptions (https://www.gov.uk/guidance/domestic-private-rented-property-minimum-energy-efficiency-standard-landlord-guidance).

Properties can be let if they have an energy rating from A to E. You could make changes to <u>improve this property's energy rating</u>.

Energy rating and score

This property's energy rating is G. It has the potential to be B.

See how to improve this property's energy efficiency.

The graph shows this property's current and potential energy rating.

Properties get a rating from A (best) to G (worst) and a score. The better the rating and score, the lower your energy bills are likely to be.

For properties in England and Wales:

the average energy rating is D the average energy score is 60

Breakdown of property's energy performance

Features in this property

Features get a rating from very good to very poor, based on how energy efficient they are. Ratings are not based on how well features work or their condition.

Assumed ratings are based on the property's age and type. They are used for features the assessor could not inspect.

Feature	Description	Rating
Wall	Sandstone or limestone, as built, no insulation (assumed)	Very poor
Roof	Pitched, no insulation (assumed)	Very poor
Window	Some double glazing	Very poor
Main heating	Room heaters, coal	Very poor
Main heating control	No thermostatic control of room temperature	Poor
Hot water	From main system, no cylinder thermostat	Very poor
Lighting	Low energy lighting in 30% of fixed outlets	Average
Floor	Solid, no insulation (assumed)	N/A
Secondary heating	Portable electric heaters (assumed)	N/A

Primary energy use

The primary energy use for this property per year is 968 kilowatt hours per square metre (kWh/m2).

Additional information

Additional information about this property:

- · Stone walls present, not insulated
- · Dwelling may have narrow cavities

How this affects your energy bills

An average household would need to spend £8,119 per year on heating, hot water and lighting in this property. These costs usually make up the majority of your energy bills.

You could save £6,015 per year if you complete the suggested steps for improving this property's energy rating.

This is **based on average costs in 2025** when this EPC was created. People living at the property may use different amounts of energy for heating, hot water and lighting.

Heating this property

Estimated energy needed in this property is:

- 22,033 kWh per year for heating
- 4,423 kWh per year for hot water

Impact on the environment

This property's environmental impact rating is G. It has the potential to be A.

Properties get a rating from A (best) to G (worst) on how much carbon dioxide (CO2) they produce each year.

Carbon emissions

An average household produces	6 tonnes of CO2
This property produces	31.3 tonnes of CO2
This property's potential production	-1.9 tonnes of CO2

You could improve this property's CO2 emissions by making the suggested changes. This will help to protect the environment.

These ratings are based on assumptions about average occupancy and energy use. People living at the property may use different amounts of energy.

Steps you could take to save energy

Step	Typical installation cost	Typical yearly saving
1. Internal or external wall insulation	£4,000 - £14,000	£2,445
2. Floor insulation (solid floor)	£4,000 - £6,000	£276
3. Increase hot water cylinder insulation	£15 - £30	£159
4. Draught proofing	£80 - £120	£155
5. Low energy lighting	£35	£59
6. Biomass stove with boiler	£7,000 - £13,000	£2,531
7. Solar water heating	£4,000 - £6,000	£236
8. Replace single glazed windows with low-E double glazed windows	£3,300 - £6,500	£154
9. Solar photovoltaic panels	£3,500 - £5,500	£688
10. Wind turbine	£15,000 - £25,000	£1,313

Who to contact about this certificate

Contacting the assessor

If you're unhappy about your property's energy assessment or certificate, you can complain to the assessor who created it.

Assessor's name	Michael Forrest
Telephone	07375 040715
Email	mike@forrestsurveys.com

Contacting the accreditation scheme
If you're still unhappy after contacting the assessor, you should contact the assessor's accreditation scheme.

Accreditation scheme	Quidos Limited	
Assessor's ID	QUID209994	
Telephone	01225 667 570	
Email	info@quidos.co.uk	
About this assessment Assessor's declaration	No related party	
Date of assessment	6 March 2025	
Date of certificate	6 March 2025	
Type of assessment	RdSAP
