THE PROPERTY

The Fencing Post was built to a high specification in the 1980's. It would now benefit from modernisation throughout allowing the new owner the opportunity to add their own style and flair to this single storey dwelling. An extremely desirable feature within the bungalow are an abundance of large windows framing magnificent views.

The layout was carefully considered when it was first constructed to make sure that the bedroom wing was separated from the main living areas.

Step inside and into the main entrance where doors lead to the sitting room and the kitchen / dining and family room.

The sitting room has an open fireplace and fantastic views across the garden towards iconic mountains.

The kitchen has a range of wooden country cottage style cabinets that wrap around the kitchen leaving a space in the centre for a family sized table and chairs. There is space for a cooker and dishwasher between the cabinets and a stainless steel sink under the kitchen window overlooking the rear aspect. An oil fired Stanley stove can be used for cooking and can run the heating and hot water. At the rear of the kitchen is a large pantry cupboard. The kitchen is spacious enough to house comfortable chairs making it the hub of the home and a wonderful space for entertaining.

Just off the kitchen is a utility room with plenty of space for white goods and a door at the end revealing a cloakroom. There is also an internal door leading into the double garage and a further door opening into a rear porch which in turn leads to the rear garden.

A corridor from the main entrance hall provides access to the three double

bedrooms, each having fitted wardrobes and a pleasant view to either the front or rear garden. In addition to the bedrooms is a wet room comprising of a wash hand basin, WC and a shower.

OUTSIDE

From the entrance a driveway leads up to an off-road parking area for several vehicles and an integral double garage. Surrounding the bungalow are beautiful, established gardens measuring approximately 0.6 of an acre incorporating a plethora of colourful flowers and plants. A large lawn at the front aspect has a variety of trees, including fruiting trees, which honour the history of the location as the property was built within the grounds of an orchard.

A natural spring fed pond sits next to a vegetable produce area and a greenhouse. There is also an area designated for keeping chickens or ducks. A range of garden sheds and a detached workshop are also in situ. The elevated position on the slopes of Mitchel Troy Common allow for far-reaching views across the Monmouthshire countryside.
